ARABESQUE

PRODUCT DESCRIPTION

If cost is a primary concern for your studio flooring, Arabesque should be your first choice.

This remarkable floor requires no compromise on quality. It's a good surface for virtually all dance forms, including tap and Irish dancing – as well as ballet and modern. Because it's a heavy duty homogenous vinyl, Arabesque is ideal for permanent installations. It is, on a cost-per-square-foot basis, Rosco's most affordable floor, so it's a good choice for such semi-permanent locations as studios in rented quarters. Rosco sells the floor both in rolls and in cut footage to exactly meet your studio size.

Arabesque is available in three attractive marbled colors: Black, Grey and Tan. The marbled finish, besides adding a note of elegance, has the practical advantage of helping to hide scuff marks.
