Multi-Lock Interlocking PVC Tile System

Manufactured from rugged and resilient PVC, Multi-Lock is an injection molded solid vinyl tile.

A modular replacement floor system that quickly restores and enhances surface appearance hiding unsightly stains and minor cracks in concrete floors.

Whether in large Industrial sites or smaller public spaces, Multi-Lock offer rapid surface installation and exceptional durability in high traffic or heavy load conditions.

Factory corridors Entrance halls Showers Work stations Hobby shops	Commercial Industrial Residential	Patios Gym/Fitness centers Garages Laundry Rooms Marinas
