

## WALL PADS, POST PADS, CURTAIN DIVIDERS Also SPOTTING RIGS

Cushion potential impact zones and enhance your gym's appearance at the same time with our attractive wall pads

**Type 1:** 1 3/8" X-Link Foam bonded on 1/2" thick wafer board and covered with 14 oz. coated vinyl fabric. A 1 inch lip on top and bottom provides for easy installation and wall mounting. Color options: royal blue, light blue, red, dark green, white, yellow, orange, black, maroon or tan.

**Type 2:** Protective Foam is 2" thick of 100 ILD Polyfoam padding. This thickness will help minimize, not eliminate serious injury to head and neck. Color options: royal blue, light blue, red, dark green, white, yellow, orange, black, maroon or tan. The Cartwheel Factory also manufactures custom wall panel padding. Cut-outs excluded. Call or fax us for quotes.

Both feature a 1/2" thick wafer board base onto which the foam is bonded. Pads are then precision upholstered with a 14oz. coated vinyl fabric. A one-inch lip on top and bottom provide for easy wall mounting.

# CWF's WALL PAD/WAINSCOTING SPECIFICATIONS

Cartwheel Factory, Inc. manufactures wallpads with two distinct filler types.

## **FILLER:**

Style 1 is filled with 1 1/4" thick crosslink polyethylene.

Style 2 is filled with 2" thick 200 ILD polyurethane.

With the exception of the filler material and the difference in thickness, both types share the following characteristics and components

**BACKING:** 1/2" waferboard to which the foam filler is bonded. A 1" lip is provided on both top and bottom to enable pads to be properly installed and aligned. Standard pad width is 2'. Pads are available in 4', 5', 6' and 7' heights.

**COVERING:** 18 oz coated vinyl fabric (1000 denier polyester scrim) with a tensile strength of 270x270 lbs/inch and tear strength of 100x90 lbs. Material complies with minimum flame resistance requirements as specified in CHSC Section 13115 and is so certified by the California Fire Marshall (Reg# FA-48006). Material is also UV protected as well as mildew/rot/fungus resistant.

Covering is available in the following colors: Royal Blue, Red, Green, Orange, Yellow, White, Black, Light Blue, Maroon and Tan.

## **INSTALLATION:**

To be provided by local contractor who shall be responsible for proper inspection and mounting in accordance with suggested procedures. Cutouts and custom widths shall be made at time of installation, using dimensions provided by the installing contractor onsite.
